Who are we?

- We are genuine, engaged, and dedicated to achieving goals in a safe, strategic, and sustainable manner.
- We overcome obstacles, follow-through on our commitments, take pride in our work, and live our culture.
- We are professionals who believe in growth, inclusion, and diversity.
- We promote teamwork and open communications to inspire all stakeholders.

Position: Geotech

The Geotech position supports the RC and Core drilling program near Winnemucca, Nevada. Tasks include assisting in picking up drill core from drill sites and work-shop activities, including preparing drill core for logging, cutting/splitting core with a diamond blade core saw, and bagging samples. Other activities include core storage management, RQD of core, and use of a forklift.

Location: Granite Creek Mine, 6750 Getchell Mine Road, Golconda, NV

Key responsibilities

- Cutting core samples and ensuring QA/QC and safety protocols are properly followed
- Labeling RC bags and chip-trays in coordination with geologists
- Retrieving sample bags from drill sites and transporting them to our facility in Winnemucca

Requirements/Qualifications

- High school diploma or GED
- Reliable transportation
- Valid Driver's license

Physical Requirements

This position will involve accompanied travel to remote locations in company vehicles, repetitive lifting of up to 75 lbs, and using power equipment (core saw, forklift). Work may take place in a high noise, wet, and potentially dusty environment (hearing and breathing protection will be provided). Walking/hiking in a field environment may be required, regardless of weather.

How to Apply:

Interested applicants may apply in confidence by emailing your resume to careers@i80gold.com. **Please reference the job position in the subject line and submit your resume in PDF format.** We thank you for your interest. Only those selected for an interview will be contacted.
