Who are we?

- We are genuine, engaged, and dedicated to achieving goals in a safe, strategic, and sustainable manner.
- We overcome obstacles, follow-through on our commitments, take pride in our work, and live our culture.
- We are professionals who believe in growth, inclusion, and diversity.
- We promote teamwork and open communications to inspire all stakeholders.

Position: **Accounting Manager**

i-80 Gold Corp is seeking a candidate to fill the position of Accounting Manager in our Reno, Nevada headquarters. The role of the Accounting Manager is to assist with the monthly, quarterly, and yearly financial and operational reporting. This position will review journal entry preparation and account analysis of the accounting staff and be an active participant in communication and reporting results to i80 management. This person will work with the preparation of schedules and communication with the external auditors to help ensure the Company's financial results are reported accurately and in compliance with the Company's policies, procedures, and accounting principles in adherence to IFRS.

Location: 5190 Neil Road, Suite 110, Reno, NV 89502 (with occasional travel to site locations)

Responsibilities:

- Ensure all safety procedures and regulatory guidelines are always followed
- Review and approve all journal entries, account reconciliations and supporting workpapers
- Manage lead sheet schedules and associated account variance fluctuations
- Assist the VP Finance and Controller in monitoring internal control procedures, assist in data collection and provide support for all audits
- Supervise accounting staff members
- Review intercompany accounting and reconciliations
- Review monthly bank account reconciliations
- Assist in related-party accounting and footnote disclosures
- Review sales and use, net proceeds and MBT tax returns
- Support operations with any accounting and finance related issues
- Fixed asset accounting including compliance with asset capitalization policies, asset set-up, PPA, subledger analysis, ARO, and segment reporting
- Obtain and maintain a thorough understanding of the Company's financial reporting and general ledger structure and mapping of data from the ERP to Workiva
- Assist in financial statement preparation and related footnotes and the Management Discussion and Analysis on a quarterly and annual basis
- Ensure financial reporting adheres to IFRS using technical accounting research when necessary
- Assist in the preparation of all internal monthly financial and cost reporting for the Company which includes financial statements, flux analysis and other pertinent operating and financial data
- Assist with the annual budgeting and quarterly forecast process and related variance analysis
- Ability to identify and develop process improvement initiatives to streamline accounting and finance-related activities
- Complete ad-hoc analysis and projects as needed

Qualifications:

- Education: Bachelor's Degree in Accounting, CPA a plus
- Minimum 5 years of experience with preference given to public accounting or a combination of public accounting/private industry/audit experience demonstrating technical accounting knowledge. Preference given to experience in the mining industry
- Exposure to or knowledge of foreign currency accounting
- An excellent grasp of IFRS and U.S. GAAP to process the technical expertise required to account for the Company's business transactions and ensure timely and accurate financial statement reporting and footnote disclosures.
- Experience with Netsuite or similar ERP system preferred
- Attention to detail and ability to perform a thorough self-review of work product
- Intermediate to advanced computer skills, utilizing Microsoft Office Suite, including Excel, Word, PowerPoint and Adobe Acrobat
- Strong organizational skills, and the ability to prioritize assignments and responsibilities
- Ability to manage other accounting staff members and provide direction and guidance for the teams professional development
- Ability to give and take direction. Ability to collaborate with decision makers in a professional manner and maintain confidential information
- Superior interpersonal skills and the ability to interface with a variety of personalities, with professionalism
- Proven record of providing excellent internal and external customer service
- Excellent analytical and problem-solving skills
- Ability to read, analyze and interpret joint venture agreements, loan documents, and all other corporate related agreements
- Ability to write business correspondence, demonstrating business acumen
- Ability to effectively present information and respond to questions from internal and external personnel
- Detail oriented, able to handle multiple projects simultaneously
- Must be able to thrive in a fast-paced environment, be able to multi-task, and meet deadlines
- Positive can-do attitude
- Self-starter, able to work with minimal supervision
