

i-80 Gold Confirms Reporting Schedule for Technical Reports and Q4/Full Year 2024 Financial Results

Reno, Nevada, March 25, 2025 – i-80 GOLD CORP. (TSX:IAU) (NYSE:IAUX) ("i-80 Gold", or the "Company") announces an updated reporting timeline for the disclosure of its technical reports and 2024 financial reports for the fourth quarter and full year.

Technical Report Filing

Earlier this quarter, the Company released Preliminary Economic Assessment ("PEA") press releases on five gold projects, namely Cove, Archimedes Underground, Mineral Point Open Pit, Granite Creek Underground and Granite Creek Open Pit (collectively, the "Projects"), which are contained on three separate properties. Technical reports for each of these three properties, will provide additional details on these five Projects and will be filed on Monday, March 31, 2025.

In compliance, with S-K 1300 and Item 601 of Regulation S-K 1300, an S-K 1300 Report is being prepared for each property and will be filed on EDGAR at www.sec.gov. Additionally, in accordance with National Instrument 43-101 Standards for Disclosure of Mineral Projects, the corresponding NI 43-101 reports will be filed under the Company's issuer profile on SEDAR+ at www.sedarplus.ca for each property. As such, the Company will be filing a total of eight technical reports, including the Lone Tree property.

All reports will also be available on the Company's website at www.i80gold.com.

Form 10-K Filing

As a first-time US domestic issuer, transitioning from International Financial Reporting Standards ("IFRS") to US Generally Accepted Accounting Principles ("US GAAP"), i-80 Gold will file its Form 10-K after market close on Monday, March 31, 2025.

Q4 and Full Year Conference Call and Webcast

Management will hold a conference call and audio webcast to discuss the fourth quarter and full year results for 2024, followed by a Q&A session on Tuesday, April 1, 2025, at 9:00 a.m. ET. Those wishing to join the event via webcast can do so at the following link <https://app.webinar.net/AEMPpwJB0wv> and those wishing to join via telephone can do so at the following numbers 1-416-945-7677 (local/international toll) or 1-888-699-1199 (North America toll-free).

About i-80 Gold Corp.

i-80 Gold Corp. is a Nevada-focused mining company committed to building a mid-tier gold producer through a new development plan to advance its high-quality asset portfolio. The Company is the fourth largest gold mineral resource holder in the state with a pipeline of high-grade development and production-stage projects strategically located in Nevada's most prolific gold-producing trends. Leveraging its fully permitted central processing facility following an anticipated refurbishment, i-80 Gold is executing a hub-and-spoke regional mining and processing strategy to maximize efficiency and growth. i-80 Gold's shares are listed on the Toronto Stock Exchange (TSX: IAU) and the NYSE American (NYSE: IAUX). Forward-Looking Information

Certain statements in this release constitute "forward-looking statements" or "forward-looking information" within the meaning of applicable securities laws. Furthermore, forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Company as of the date of such statements, are inherently subject to significant business, economic and competitive uncertainties and contingencies. Such statements can be identified by the use of words such as "may", "would", "could", "will", "intend", "expect", "believe", "plan", "anticipate", "estimate", "scheduled", "forecast", "predict" and other similar terminology, or state that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. These statements reflect the Company's current expectations regarding future events, performance and results and speak only as of the date of this release and are expressly qualified in their entirety by this cautionary statement. Subject to applicable securities laws, the Company does not assume any obligation to update or revise the forward-looking statements contained herein to reflect events or circumstances occurring after the date of this release.

Forward-looking statements and information involve significant risks and uncertainties, should not be read as guarantees of future performance or results and will not necessarily be accurate indicators of whether or not such results will be achieved. A number of factors could cause actual results to differ materially from the results discussed in the forward-looking statements or information, including, but not limited to: material adverse changes, unexpected changes in laws, rules or regulations, or their enforcement by applicable authorities; the failure of parties to contracts with the company to perform as agreed; social or labor unrest; changes in commodity prices; and the failure of exploration programs or studies to deliver anticipated results or results that would justify and support continued exploration, studies, development or operations. For a more detailed discussion of such risks and other factors that could cause actual results to differ materially from those expressed or implied by such forward-looking statements, refer to i-80's filings with Canadian securities regulators, including the most recent Annual Information Form, available on SEDAR+ at www.sedarplus.ca.
